discussed, including: a short presentation from Zero Waste Sedbergh, Planning Applications, Amenities, Queen's Garden and Finances. Additionally, grant applications and correspondence items relating to the URC and Marketing. Also noted, the works completed on the catch pit/inspection chamber at Guldrey, with thanks for grants received toward this project from Cumbria County Council and Cumbria Community Foundation. Finally, remedial works to the wall at Joss lane car park (recently damaged) along with repairs required to the surface at the playground on Howgill Lane.

### **Update - Maryfell Play park**

The Clerk is due to meet with SLDC to discuss the ongoing project to improve the park at Maryfell, apologies for the slow progress – but we are still working away in the background, thank you to all involved so far.

Please note that members of the public are invited to our monthly Meetings where, as always, they are able to comment or ask questions.

### ANARCHY IN GARSDALE

*Philip Johns*

The official bit:

Firstly, apologies to those who have been looking for an update of Garsdale Parish Council activities recently and have 'missed' these articles but spare time has been as rare as rocking horse droppings recently due to an overload of personal work, elections and changes in the auditing procedures for small councils. On the evening of May 17<sup>th</sup>, three meetings occurred in succession, the Parish Meeting, the AGM, followed by an ordinary

meeting. At the Parish Meeting, chairman Annette recounted the events over the last year. At the elections in May, all 7 councillors were re-elected unopposed, and Annette welcomed Sheila Capstick, one of our new district councillors to the meeting. Most of the A684 had finally been resurfaced and some 'temporary' repairs had been done to minor roads. The lack of transport for our 16 to 18 year olds to colleges was still a vexed issue which council will continue to pursue. B4RN was inching ever closer and hope that all properties could be connected by the end of the year. Motorbikes continued to cause concerns and council was in contact with the police in their efforts to eliminate the few

who cause so much stress to our parishioners. Council had also been successful in preventing BT from removing our 2 public telephone kiosks although there has been a post box removed without consultation and, despite efforts to replace it, it looks lost forever. Many volunteer hours have been spent on renovating the village hall with the aid of 2 grants and council would like to thank all those involved. Council now hopes that the hall will be used more for local activities. There does appear to be a worsening problem with the hall roof and this may have to be addressed shortly. Finally, new legislation has been brought in for small councils, ie. those whose turnover is less than £25,000. The

annual returns plus lots of other documents must now be displayed on the council website, hence why there has not been time to write articles, so apologies again.

The unofficial bit:

In Garsdale, the natives are restless and rumours of an uprising abound! Why, you ask? There is evidence of underhand dealings and rife capitalism surging through the dale. Membership of trade unions is rapidly increasing with talk of strikes and picketing. The poor hardworking people of Garsdale have been subjected to shocking liberties and

their purse strings are being pulled ever so more tightly. Not only do we have to put up with ridiculous council tax rates where our only benefit is an empty dustbin every 2 weeks, no public transport, hedge cutting, drain clearing, wall repairs ..... now that's another gripe. We have had 2 sets of 'temporary' traffic lights in place since November with no sign of the promised repairs to the retaining walls along Clough River. Each set of lights cost £250 per week to rent, despite the fact that half the time they don't work and are often permanently red in both directions, resulting in queues of irate drivers at each end, wondering who's going to be brave enough to go through a red light first. So for 38 weeks, and at £500 per

week, we have had to endure delays and frustration. The bill to Cumbria County Council is presently £19,000 and rising. Garsdale PC has been pushing for the reinstatement of school transport but apparently this is not affordable. Which is more important, childrens' lives or temporary traffic lights? However, I digress from the tale of anarchy and uprising. So what is causing so much disquiet in the dale? The price of eggs! Until recent we have been able to buy free range eggs from the curb side at 3 different locations. One has moved away, 'the boys' on The Fell seem to have gone out of production, leaving just one source. Grasping profiteering by the scruff of it's neck, this source has increased their prices

## COUNCILLORS CORNER

*Kevin Lancaster  
Sheila Capstick*

It has always been said that it is a lot easier to make good hay than bad and the excellent weather we have had this summer just proves it: what a difference from last year. I have never mowed as early and my dad never did either. There wasn't much of a crop except of the heaviest land so like everyone else I will be trying for a second cut. However with big bales all around we are on the other end of the spectrum from last year's

catastrophe.

I missed the first part of the hottest weather because like seven others I was on the history based trip to our twin town, Zreče. As always we were made extremely welcome by our hosts and we were left in no doubt once again as to how important our twinning links are for them, just as they are to us. This year they, rather than us, have had the rain and so the scenery was so much greener than I have seen it before.

Slovenia now is a very different place from the one I first visited twelve years ago. There is money around and you can see it being invested in the houses and the infrastructure. As someone who has been involved with "planning" for a

long time it is very striking to me how well this change has been assimilated into the landscape. One day three of us walked up into the lower mountains and we looked across at a small hamlet of perhaps thirty or so houses – some were existing houses refurbished, others were new houses built on the site of a demolished house and the rest were completely new build. It was hard to distinguish which was which. Mixed with them all were farm buildings and a saw mill and the whole effect was extremely pleasing to the eye. There can be no doubt that when it comes to “planning” we have a lot to learn from our twin town.

It is just over three years ago that B4RN, Broadband for the Rural North had their first meeting in Sedbergh

and Kirkby Lonsdale ward at Casterton Golf Course. For the last twelve months a small group of us led by Gina Barney and myself have been planning a route for bringing B4RN to Cautley and Dowbiggin. Last Saturday a select group of us began burying the ducting around Cross Hall and Holehouse. Since then some of us have been putting the backbone through Dowbiggin. One day alone we used over 900m of 16mm orange ducting. Thank goodness for the weather – last year you wouldn't have been able to take a quad bike to some of the places we have gone.

B4RN isn't the only project taking advantage of the excellent weather. The Friends and the parish handyman are transforming Queen's Gardens and the new parish has just appointed contractors for improvements to Sedbergh's Tennis Courts. After the playing season is

## COUNCILLOR CORNER

*Cllr Ian Mitchell*

Well another month has passed, and summer is still with us. I know from conversations that some farmers would love to see some rain and that some homes just outside of villages are suffering due to lack of a water supply. I have been in touch with United Utilities and at time of writing this they have no plans for a hosepipe ban, but they are struggling to get water around the system

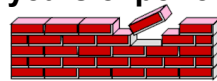

quickly enough to meet demand. They ask that we do not use sprinklers or wash our cars during this unprecedented period.

I'm sure many of you, including people who aren't avid football fans will have enjoyed seeing our young England team thrive at the World Cup and make it to the semi-finals for the first time since 1990. However, I think it is important to point out that grassroots football in our area is not doing quite so well, there are fewer and fewer teams in adult and youth football, one of the main reasons for this is the lack of quality facilities. There is nowhere near enough training facilities and not enough investment in the pitches that teams play on, resulting in a huge number of

postponements. This leads many people to become frustrated and ultimately leave the game, I hope that Gareth Southgate and his team's success will result in more money trickling down the pyramid of English football and ending up supporting our grass roots game! Giving youngsters' an opportunity to be an active member of their community.

I have been asked why I don't make this article more political, but I feel that we all have enough of the politicising of agendas, so I will use this just to inform you of what I have been doing and pass on information about the area.

### **TIM FARRON MP**

It's been a bit of a full on since I last reported back to you here in Lookaround.

The most exciting news was that

Team Farron became train operators for a couple of weeks. As I told you here last month, although Northern Rail have been good in the Sedbergh and Dent part of the world, introducing new trains at times that are more convenient to people who want to travel at the start of the day, they have been useless everywhere else. At the time I sent my last Lookaround column off to Dennis Northern had been given permission by the Minister for Transport to stop running any service on the Lakes Line until the beginning of July. Obviously this was massively inconvenient not just for tourists travelling up to visit the Lakes but also for the many people who use the

line regularly to get to school or work.

But I was contacted by the folk at West Coast Railways in Carnforth who said that if I could get the permissions to make it happen they would provide us with a train to run up and down the Lakes Line for the two weeks when Northern couldn't. So we rang all of the people whose agreement was needed, and trust me there are a lot of people who could say "no", and got approval to go ahead with our new service. For two weeks we ran 6 trains in each direction every day and as far as I know none of them were ever late. I even got to sit in the cab on the first run!

We are now back with Northern

running a service but I have no confidence in them or their commitment to rail services in Cumbria. I presented a petition to Number 10 which had the signatures of over 5000 people who agree with me and want Northern to be sacked from running our trains and have just tabled motion in Parliament calling for the same thing. When the situation on the railways gets to the point that your MP has to start running a train service then the situation has got to be pretty bad.

On another matter, a lot of farmers have been getting in touch with me about their increasing worries about the lack of commitment they are seeing from the Government to replacing the funds the EU provides them with to keep their farms profitable. I had the chance to challenge the Minister for Farming, George Eustace MP, on some of this support, the Entry Level and High Level Stewardship agreements which provide money to farmers to help them to look after the environment. Farmers are seeing these funding agreements coming to an end in the next few months with nothing replacing them after we leave the EU. Sadly but unsurprisingly given how chaotic our Government seems to be at the moment the Minister failed to make any commitment to what funding our farmers could expect beyond the New Year.

As ever if there is anything I can help you with please do get in touch. You can email me at [tim@timfarron.co.uk](mailto:tim@timfarron.co.uk) or call me on 01539 723 403

Thanks for your support.

## SEDBERGH ORCHESTRA

Festival Concert

*Diane Turner*

A fine evening saw a sizeable audience assemble for the concert by the Sedbergh orchestra as part of the 2018 Sedbergh Music Festival.

The performance began with the rousing overture to 'Tancredi' by Rossini which provided a confident start to the programme. The following Mozart oboe concerto featured Philip Cull whose expressive and assured playing, from a treasured score, was accompanied sensitively by the orchestra.

By way of contrast , challenging pieces for the woodwind ensemble by Elgar opened the second half. This so-called "Shed ' music,

apparently named because the composer worked in his father's shed to create the pieces, provided an opportunity to showcase the woodwind section of the orchestra. After a wise restart, the players displayed humour and skill in these two compositions, with Philip Guar providing a assured lead on the flute.

In the final piece, Schubert's 6th Symphony, the whole orchestra demonstrated confidence and skill. Decisive playing in the violin section was evident ,accompanied by the solid assurance of the the cellos and bass. Added to this, depth was provided by the woodwind section, with the pleasing sound of the bassoons very much in evidence.

The whole orchestra was led by a

### SING JOYFULLY

*Anastasia Micklethwaite*

The Sing Joyfully vocal ensemble will begin its third year and is welcoming new members from September.

This year our repertoire theme is "Best of British" and we can guarantee that there will be music to suit you, regardless of whether your love of musical repertoire is Medieval, Modern, Musicals or anything in-between Byrd and the Beatles!

Come and join us – all singers are welcome, regardless of experience or ability. We use music, lyrics and also sing by ear. If you can't read musical score, don't worry! These are fun sessions for people who want to enjoy group singing and learn to improve their technique. Our repertoire is vast and we aim to please! Singing in a group is a great social opportunity, so come and make new friends!

It is straightforward to complete but must include a report on progress from the music teacher or confirmation that the child is booked in for lessons, if he/she has not yet started.

The Trustees are planning to again hold the biennial concert for current grant holders in early 2019, when the youngsters can demonstrate their progress.

That year will be a special one for the trust, as 3<sup>rd</sup> April would have been

the 100<sup>th</sup> birthday of Freda. A person of many parts, the foundation she established to promote music and its pleasures to a new generation has been doing so for eleven years. The efforts are concentrated on those with aptitude and inclination to play and sing. The Trustees also feel that Freda would like the idea of her door being open to everyone, to have some experience of, and hopefully enjoyment of what music can offer. The Trustees are planning to organise, with others, at least two events in the centenary year available to anyone up to 18 years of music and musical performance. Please watch out for details, which will be published as the ideas firm up.

In the meantime, any enquiries

## SEDBERGH TOWN BAND

*Keith Wood*

On the afternoon of Sunday July 8, as a starter to the band's world tour (of the local area). We made our first major appearance of July on the bandstand at Grange over Sands and without fear of exaggeration or bias, we were fantastic. We were assisted by glorious sunshine and supported by a large crowd of stunned seaside dwellers who rarely get to see or hear anything as good as this.

An almost full turnout of players gave those poor people a rare treat including a number of solos notably the 'Lazy Trumpeter' from Peter Packham (an apt title for him to play I always think). The talented Sophie Hall played 'All in the April Evening' beautifully. Our guest euphonium player Gordon Kay (on day release

## STRING QUINTET CONCERT

Saturday 1st September

*Donald Smith*

One of the flavours not included in the recent Sedbergh Music Festival was a concert of String Quintet music. Now is the chance to sample some ! String quartets plus an extra viola have given some composers over the years the chance to concoct music of sheer genius. This is certainly true of Mozart. He wrote 10 in all and we will have the best of them on our menu, the one in G minor which appears in Kochel's list as K 516, one of the three which the critic Hans Keller declared to be

Mozart's greatest symphonic works in any medium. Dramatic, tragic, energetic, ghostly elements all appear in the same work; come and see how !

Then, one of Dvorak's greatest works also, written a hundred years later while he was staying in the USA, composed just after his American quartet and at the time he wrote his last symphony, from the New World. The quartet is tinged with flavours from the cotton plantations and nostalgia for his native Bohemia also, a magical work I would be happy to take to my desert island. The addition of the second viola somehow distils sheer magic !

In between we will have an English

## NEWS FROM THE PEWS

Susan Sharrocks  
Tony Reed Screen  
Churchwardens

In contrast to last year's wall-to-wall rain for the Summer Fair this year we enjoyed wall-to-wall sunshine.

Rawthey Rhythm and John Hosker played foot-tapping music to start the day.

The bouncy castle worked well in a new position; Alison had to recruit a friend to help paint faces as the queue lengthened and Joel held his audience in thrall as he performed his tricks with sleight of hand.

We seemed to have a steady stream of folk coming through the church stopping to look and buy from the stalls before sitting with friends for a drink, or lunch and then trying their luck at the games outside. Two alpacas, and quite a few dogs (plus owners) had a wander round too.

The castle deflated, the coconuts from the shy used up, the food eaten, stalls cleared, prizes scooped up and "Ratty" well and truly splattered which just left the clearing up to be done before locking the church and leaving the churchyard for the folk listening to the music from Finkle Street Fun.

A huge sigh of relief all round, time to draw breath before we start to think about the Fair that happens at the end of the year ... I am not going to be the first to mention the "C" word!

## ROYAL BRITISH LEGION GREAT PILGRIMAGE 90

*David Parratt*

The Royal British Legion is recreating its 1928 pilgrimage to World War One battlefields with thousands of Legion members involved from branches across UK. This will take place between 5<sup>th</sup> – 9<sup>th</sup> August 2018. Great Pilgrimage 90 (GP90) will be the largest membership event in the history of the Legion and will mark 90 years since the last Great Pilgrimage.

A decade after the end of World War One, veterans and war widows visited the battlefields of the Somme in France and Ypres in Belgium before marching to the Menin Gate in Ypres on 8th August 1928.

On 8<sup>th</sup> August 2018, two

representatives from each branch of the Legion will carry their Standard and a wreath along the same route in Ypres to the Menin Gate, representing an entire generation that served while defending their country. Keith Wood and Sandra Gold-Wood, both Sedbergh Royal British Legion branch committee members will represent the local community at this event. Attendees will visit WW1 battlefield memorial sites, trenches and cemeteries. On 8<sup>th</sup> August they will take part in a parade where a wreath from each branch will be placed on the memorial at the Menin Gate. The wreath will contain a special message of Remembrance from the pupils of Sedbergh Primary School. A march past will then take place, observed by civic and military

### **SIGHT ADVICE SOUTH LAKELAND**

*Sue Harper*

Sixteen of us gathered at the Fat Lamb on Tuesday 19th June for our Summer Lunch, which was, as usual, delicious.

We were very lucky with the weather, a beautiful summer day and enjoyed the journey to the Fat Lamb, the hedgerows full of Foxgloves, Dog Daisies and wild Roses.

First we observed a minutes silence in memory of Margaret McClure, a very well liked former member of the Sight Advice team in Kendal, who sadly died recently. She will be much missed for her kindness, support and advice to so many people.

Thanks to Dennis for providing us with placecards, each containing a different quiz and also for organising the raffle afterwards.

Prizes were won by Mary, Shirley, Jenny and John. It all added up to a most enjoyable afternoon. Thanks also to all the kind people who ferried us to and from the Fat Lamb. We now have a summer break and meet again on Tuesday 18th September when Dr. Miles Ripley will talk to us.

### CITIZENS ADVICE

**I've seen a new property advertised which I'd like to rent and am thinking about putting a holding deposit down. However, the rent is really cheap - should I be worried it's a scam?**

*You're right to be cautious if the rent is a lot cheaper than the market rate. Don't pay a deposit before you view the property and look at your tenancy agreement.*

*If the landlord refuses to let you view, beware. Even if you have seen the property, check your tenancy agreement for the name and address of the landlord, along with their contact details.*

*If you cannot get a contract and landlord details, do not pay a deposit.*

*Also check if the landlord is a member of a professional association*

*or accredited by the local council. Membership isn't compulsory, but it will mean they are legitimate and will operate to a minimum standard.*

*Trust your instincts and if in any doubt, don't part with your money. For further help on identifying possible scams contact your local Citizens Advice, or call the Citizens Advice consumer service on 03454 04 05 06.*

*Were you aware that if you receive Income Support, Income Based Job Seekers Allowance or Child Tax Credit (some exceptions) then you can apply for free school meals for your children in KS2 or above?*

By applying for free school meals your child has the opportunity of having a hot meal at lunchtime and the school will receive an allowance called Pupil Premium. This allowance is used to help your child through their education by enabling the school to provide extra small group or one to one tuition.

The application for Free School

Meals is easy to complete and your school's secretary can provide the forms. All applications are kept strictly confidential and your child is not identified when receiving their meal. Neither is it essential that your child takes a meal but it is important to the school that you apply so that children in greatest need can get extra help with learning.

The annual Prosecco, Exotic Fruits and Chocolate meeting proved to be another successful afternoon and I am pleased to report that although the imbibing was moderate, the

contestants in the chocolate quiz, (which we have not done before), were very competitive and the final winners were a team of four, Rita, Christine, Carol and Sue, who won (you guessed it) chocolate to share! We can now tell who the secret chocolate eaters of Dentdale are and we hope to welcome them back at our next meeting. Linda's granddaughter, Isla, won a special prize for completing on her own, a goodly number of questions without assistance from Linda or John,. With 27 attenders in the Sedgwick Room we might have to look for alternative accommodation if we continue to expand, although John's suggestion that we could use his carpark may not work very well if we get Dent's normal

## LADIES NFU OUTING

*Caroline Sandys-Clarke*

On the 19th June 12 members enjoyed a beautiful afternoon visit to Appleby Castle.

The weather was perfect for the mainly outside tour and our very enthusiastic young guide brought the Castle's long and interesting history to life. We went into the Great Hall where we were shown portraits and a magnificent suit of armour worn by George Clifford when he acted as champion to his Royal mistress Queen Elizabeth 1.

We ended our tour inspecting and trying on helmets and weapons that are worn by our guide in battle reenactments.

Perhaps one of the best known owners and inhabitants was Lady Anne Clifford who also owned Skipton, Brough, Brougham and Pendragon Castles. The Castle and Estates passed on to the Tufon family who were the owners until it was sold in 1962.

Now owned by the Nightingale family the Castle is being made more accessible to the public and it is also becoming a popular wedding venue.

From Appleby we headed to Kennedys Chocolate Shop in Orton where we enjoyed a delicious tea to round off our very enjoyable outing.

So with mobile phones firmly switched off, we listened to the reports in the Business Meeting. It was good to hear that the Group Meeting had gone so well and appreciated by all those who came. The high point for Dentdale being winners of the competition cup which Sue held aloft!

The Summer Outing to Saltaire had also been a hit with those who went. Members had been met by their knowledgeable and enthusiastic guide who was dressed in Victorian costume which added greatly to the atmosphere as she transported them back to the origins and thoughts behind the layout and architecture of Saltaire. Following lunch in Saltaire

Mill there was a chance to look at the art exhibitions and the David Hockney Gallery.

Gentle reminders were then given by Sue with requests for baking, produce and craft for the mini market on 27<sup>th</sup> July. It is that time of year as baking will again be needed for the WI teas at the Dent Gala on 27<sup>th</sup> August. The next dining club outing will be to Kitriding Farm on 3<sup>rd</sup> August.

Finally, Thelma our secretary read through the report by Marion Wood from Killington WI who had been our delegate at the NAGM held in Cardiff. The Resolution put forward that mental health issues should receive as much recognition as physical needs was passed.

Our speaker for the evening was Dr Mcilveen speaking on Weather and Climate. In introducing himself he said he brought greetings from Arkholme WI where his wife was president. Dr Mcilveen mentioned that he had talked to many WI groups and heard renderings of Jerusalem, but he congratulated us both on the singing and Rita's excellent accompaniment.

He was a very experienced lecturer and he illustrated each point with slides and diagrams.

Our own British weather had undergone many changes and just as examples he mentioned obviously warmer years with visual evidence of vines growing as shown in old stained glass windows at the other extreme,

details of Frost Fairs held on the frozen river Thames.

Naturally Climate change was also talked about. Most of us generally fail to comprehend the complexity of the atmosphere. Overwhelming scientific evidence proves that more CO2 is being produced and the changes will affect human society. The effects are becoming increasingly apparent.

He ended by saying "Ignorance of risk is NOT proof of safety. It is simply dangerous ignorance."

Dr Mcilveen had offered a brief but thought provoking insight to the subject.

The evening ended as usual with tea and biscuits and a time to chat with friends. Sue Owen and Kate Cairns entries of photos of stormy

I had read her book (with pleasure and interest) but had not seen her on TV which the others had. It was quite an experience! There were two little girls roaming around, both probably no older than three. Clemmie was wearing a pair of clogs and Nicky had wellies on, one blue and the other red. Lewes till next year when a larger audience would be able to enjoy stories about his career. (It has to be said that Martin also appreciated the chance to be able to see the match!) The few of us who were available met for a short time to organise various activities coming up in the next few weeks.

Valerie hosted the book club meeting on the 12<sup>th</sup>, when we discussed "Disobedience" by Naomi Alderman. Set mainly in a Jewish Orthodox community in London and partly in New York, it tells of rebellious career-woman Ronit, a rabbi's daughter who returns from Manhattan to her native Hendon for her father's funeral and causes consternation among the Orthodox community

because she doesn't conform to their ideas of how a woman should behave. We were fascinated to learn about Jewish customs and traditions and would recommend the book to anyone interested in finding out about unfamiliar religions and cultures. Alongside that, there is the intriguing story of Ronit's attempts to rekindle friendships with her childhood friends. We gave the book a score averaging around 7.5. Many thanks to Valerie who produced delicious cake for us at short notice!

Our annual coffee morning took place at the CCC Rooms in Joss Lane on Wednesday, July 25<sup>th</sup>.

A special welcome is extended to everyone (yes, even men!) to our Open Meeting on Wednesday 8<sup>th</sup> August at 7.30pm in the People's Hall committee room. We're looking forward to Richard Cann's presentation of a series of slides of Old Sedbergh. Come and learn about the places we see around us every day – and no doubt pictures of some places that are no longer here. I'm sure it will be a fascinating evening. ## CARLISLE / SETTLE RAILWAY

Ruth Annison (01969 650349)

The 50<sup>th</sup> Anniversary of the ***Fifteen Guinea Special*** - marking the last day of steam trains on British Rail in 1968 – is likely to trigger a number of special anniversary excursions on the Settle-Carlisle line in August.

However it will also be the occasion for two rail-related events in Hawes, both to be held at the Dales Countryside Museum (DL8 3NT).

**At 11.30am on Saturday August 11**, Stephen Allen – who was appointed to carry out restoration and conservation of the historic *Book of Bridges* – will speak about his work. This project was grant-aided by more than 90 donors, including Sedbergh Parish Council and Sedbergh and District History Society, who are warmly thanked for their support. The book contains the original 1870's working drawings for structures (viaducts) on the Garsdale-Hawes branch line; the restored book will be on supervised display from 11am and also after the one hour meeting

**At 3.00pm on the same day**, there will be a public meeting to consider the feasibility of setting up a Steering Group to investigate possible restoration of the six mile Garsdale-Hawes branch line. This was built immediately after the 1876 opening of the Settle-Carlisle line, reaching Hawes two years later. When the line from Garsdale station met the newly-completed line from Northallerton at Hawes in 1878, the full 40-mile railway through Wensleydale connected the Settle-Carlisle and East Coast main lines. This summer marks the 140<sup>th</sup> Anniversary of that significant Victorian achievement. ☺

Cumbria Trading Standards are warning local residents be aware of any unsolicited telephone callers asking for their bank details, following reports of residents being cold called by a company claiming to be from the Telephone Preference Service (TPS).

The service/device they are offering is unlikely to exist and it is simply an attempt to obtain credit card, sort code and bank account details or other financial information from consumers.

Cumbria Trading Standards and Cumbria Police advice is simple; don't give personal or financial information to any cold callers. Often these sellers prey on the most vulnerable. For all your goods and services it is better to deal with reputable traders operating out of fixed premises who you know and trust.

Consumers can register their details with the Telephone Preference

Service (TPS) to reduce the number of unsolicited sales and marketing calls. More details can be found at [www.tpsonline.org.uk](http://www.tpsonline.org.uk) or contact the TPS registration line on 0345 070 0707.

*Julie Leigh*

Finding the secretive Browsholme Hall from the Sedbergh area is an achievement in itself and members who braved the hairy and spectacular ancient packhorse route from Caton or Lancaster were especially rewarded by the scenery.

We all enjoyed an excellent guided tour on 21st June by knowledgeable volunteer Lesley around the magnificent home of the Parker family, traditional Bowkeepers of the deer park in the Royal Forest of Bowland. The nationally-important

Grade 1 historic house, in a glorious rural setting formerly within the Yorkshire boundary, has furniture, antiquities and paintings of museum quality and was built in 1507 by Edmund Parker, a descendant of the Parkers of Alcancoates Manor at Colne, Lancashire. They played an active and important role in the area and further afield, and married partners from noteworthy families like the Listers of Gisburn Park, the Parkers of Extwistle Hall, and the Tempests of Broughton Hall.

Browsholme has seen many changes and additions, including a quirky red sandstone façade aimed at “beautifying” and modernising the front elevation. One man who left a notable mark was Thomas Lister

Parker who inherited the building in 1797. His alterations were impressively grand, including rebuilding the west wing and spending a fortune on improving the gardens. From his Grand Tour of Europe he brought back a wealth of drawings, including a selection by John Chessell Buckler. Ultimately he went bankrupt and passed the estate to a cousin.

In 1958, with the help of the Historic Buildings Council, the new owner - bachelor Colonel Robert Goulbourne Parker - repaired the hall to a degree. hall that he was clearly struggling to maintain.

One fascinating item is a rare Lady Anne Clifford padlock dated 1672, complete with the key, which were given by the feisty lady to friends to grace the main entry of their properties. If she needed accommodation on her travels, and they were away, she could let herself in. I know of only six other such padlocks still in existence, all in Cumbria – Dacre, Dalemain, Collinfield in Kendal, Rose Castle, Hutton-in-the-Forest and Great Asby. This particular lock came to Browsholme as part of the inheritance of Barbara le Fleming of Rydal Hall near Ambleside who married Edmund Parker in 1854.

After Colonel Parker's death in 1975 the daunting responsibility of inheriting the estate, by now in desperate need of upgrading and repair, passed to his godson and

fourth cousin Robert Parker who had never seen the property. He and his wife Amanda, originally overwhelmed and in awe of the massive programme needed to overhaul the property and grounds, are to be admired for the amazing work they have put into their gorgeous historical pile.

fort outside the village, and the Roman Road from Burrow to Low Borough Bridge passes through the village. The village makes an appearance in the Domesday Book as "Brereburn". The turnpike road (A683) was constructed in 1774. There was some coal mining in the hills above, but the coming of the railway through the village brought an end to this as the coal was poor. It seems the hamlet of Beckfoot was probably more important in early years. The village really took its present form following the arrival of the railway. The village was absorbed into the Yorkshire Dales National Park in 2016. There are now 120 dwellings and about 260 residents. It had a parsonage, a corn mill, a doctor's surgery and a Grocer's shop (now the Cheese Mouse) and there is a C17 packhorse Bridge.

The church is the fourth to be built in the village. Two earlier churches were built at the back of the present one. The present one, St Bartholomew's, was built in 1872 in the time of Rev James Harrison whose initials appear in several places in the village, including on the Lych Gate. Until 1848 the church had been just a chapel of ease. The clock was added for Edward VII's coronation and two bells were added to the original four in 2003.

We stopped at an ordinary looking road junction about 50 yards from the Church and learnt that this was where the railway crossing had been with the station only a short distance down a street opposite which now contains a housing estate. The railway opened in 1861 and closed to passenger

traffic in 1954 apart from the "Boarding School Specials" which brought pupils from the main line to Sedbergh, Baliol, Casterton, Queen Elizabeth's and Cressbrook at the beginning and ends of term. At the corner of the junction is Dale End house where the first creamery in Westmorland stood until 1965

The Barbon Inn claims to have been a coaching inn but may just have been an ordinary house and was previously known at times as the Station Hotel and the Barbon Hotel.

The cross road in the middle of the village contains a sad war memorial to the unlucky Shuttleworth family. Two Lords Shuttleworth (brothers) died in WW1 and two in WW2 (again brothers). At least 5 other cousins

and an uncle also died in WW2.

Several houses were pointed out including the old Post Office (now served twice a week in the village hall by Sedbergh PO), the village smithy, and a grade 2 Listed farm house, Stocksgarth. The reading room, now a house, had been extended and a date stone oddly added hidden behind a wall and at ground level. The deserted Methodist chapel was a sad sight, having been bought some years ago and only just enough work having been done to preserve the planning permission. Nearby were two houses which had been ale houses. Another house was the large old vicarage built by James Harrison with beautiful views across a haha. Further down the same road was the

old school which closed in 1982.

Not far away was the Iron Age fort up on a ridge near where the Roman road is thought to have passed. Also on a road junction below it was an interesting iron signpost, labeled No. 1 in Westmorland (No 2 being on the Barbondale road). We also passed Watery Lane possibly the old road to Dent.

The over all impression of the village was that its layout, houses and gardens, and intervening fields were, apart from the stone used, more typical of the Cotswolds than a North West village, perhaps because it only really developed after the railway came.

## SEDBERGH & DISTRICT HISTORY SOCIETY

Visits Slovenia

*Susan Garnett*

Sedbergh History Society in conjunction with Sedbergh Town Twinning were based in Zreče 21<sup>st</sup> to 28th June. We did not have far to go to find several historic sites including the Old House at Skomarje, where our charter was signed in 2005 and the waterpowered forge nearby illustrating the early origins of metal

working in the area. It was our only wet and windy day and we we hastened on to the ancient church of St Laurence in Stranice which has been sympathetically restored by local benefactors. Much renovation work has been done on the murals here by Milan Lamovec, the artist whose work is displayed in the foyer of the People's Hall in Sedbergh. St Laurence was reputedly martyred by being grilled over hot coals on a gridiron. He seemed unfazed by this, requesting that he be turned over as he was done on one side. From this derives his patronage of cooks, chefs and comedians. An earlier church commemorates St Barbara, the patron saint of miners and explosives. She was beheaded by her father. There are Roman tombstones and a milestone set into the wall of the presbytery here. The memorials commemorate a son of Emperor Severus who died aged 20, probably murdered, all evidence of the Roman presence in this area. A main via ran through here to Celje in the south. Severus himself probably visited our own northern outposts of the empire in the early second century.

We concluded our first day with

visiting the 2<sup>nd</sup> World war atrocity site at Francolova. Many of our exchange students will remember visiting this sombre memorial to the murder of 100 local men in retribution for the attack on a local German official.

Our next day started with a visit to the nearby town of Slovenske Konjice (horsetown), a staging post at the crossing of routes. Most of the buildings in its ancient main street are conserved with plaques explaining their former functions. A stream runs down the middle, supposedly dribblings from a fearsome dragon living in the hills above until vanquished by the ubiquitous St George. The church here is dedicated to him. The town won the Entente Florale Europe competition in 2014

and Zreče hopes to succeed this year. Sustainability, environmental education, planning and conservation are some of the several aspects involved. The results come out in late September and we wish our twin town well. We took the opportunity to visit the Reimer gallery. A few years ago we could just pick up a key at the shoe shop and show ourselves around. Now the security is more sophisticated as there are examples of several Old and Newer Masters here including Klimt, Cezanne, Van Dyke, Modigliani and Velasquez. Some could be copies but they still looked very impressive to this amateur. From here we travelled the short distance to Ziče, site of a Carthusian Monastery founded in 1165. There is an upper and lower monastery and the countryside between the two remains as it was in the days of their founding, unpopulated. This represents a particular treasure as it is the only Charterhouse landscape still in its original form. The monastery was dissolved in 1782. There was much to see here, original and restored and we wandered at our own pace with individual audio guides in a beautiful tranquil setting.

Two full day excursions were included in our programme. The first was to the ancient city of Ptuj. The

castle slope was settled already around 4000BC. The Mediaeval stronghold was built in the 11th century. Between 1656 and 1802 the Counts Leslie, lived here. The Leslie family had Scottish roots and their motto, "Grip Fast", is illustrated by a belt buckle. Several museums are housed here, notably the collection of musical instruments including a very rare Roman Tibia flute and a collection of arms and armour. In the stables traditional carnival costumes are exhibited. In the town itself is much evidence of the Roman city. The Orpheus monument, later used as a pillory, stands in the town centre with many others set into the walls of surrounding buildings and those of the church of St George.

Another full day was spent at Celje. Firstly a visit to the 12<sup>th</sup> century castle. The overambitious counts of Celje eventually gave way to the Habsburgs. Many tales of intrigue and connivance were involved. We have mention of the Counts of Celje in our own History Society archives. We toured the historic town centre, the church of St George and then its museums, firstly the Manor house

with an intriguing trompe l'oeil ceiling. This has been recently uncovered and looking up one can see towers and balconies and sky beyond with various curious persons gazing down at us. All this is represented in ingenious fashion on a flat surface. Our guide was the museums' curator Gabriella, our splendid guide from previous visits who also took us on a tour of the Princely Palace. There we could walk on glass surfaces over the original Roman foundations of the building. Other floors housed collections from Celje's history through the ages to the present day.

We were fortunate to have extremely knowledgeable guides wherever we went and the efficient organisation of these and the logistics by Aleksandra at the Zreče tourist office helped our visit to run smoothly. Once more we must thank Mayor Boris and our many friends in Zreče, especially Zdenka and Marinka and including the staff of the Hotel Zvon, for their warm welcome and hospitality throughout our visit. If any other Sedbergh groups would like to visit our Twin Town, please let me know.

## PEOPLE'S HALL GALA EVENING

*'Gala Thank You Evening'*

*Sandra Gold-Wood*

The People's Hall sparkled in the July sunshine as people arrived. The new plush 'People's Hall Blue' curtains have given the hall a real touch of class and the twinkling fairy lights set the scene off beautifully. There were smiles all round and complements on the curtains, the décor and buffet and I am sure that for those who attended the People's Hall 'Gala Evening' the memories will stay.

The evening began with an excellent buffet and grateful thanks go to JMP Foods for donating the delicious desserts. Thanks to Heather Askew for the lovely meringues, and Dorothy

Pratt's Lemon Drizzle cake was simply scrumptious.

Dennis Whicker's 'Chorley Raffle' for half a pig was won by Martin and Rosemary Lewes. The half pig was donated by Farm & Fell who are specialists in organic pork, raising their own pigs at Birks Farm. The PH committee is very grateful to them for such a generous gift.

This fun raffle was followed by a master class in auctioneering by Kev Kendal. There was a great deal of laughter and lots of hands flying up bidding for all the splendid items up for sale. How Kev kept track of it all I do not know. Thanks also to Robbie Kendal who modelled the Burberry Suit jacket and held up the sale items and to Sandra Longlands who kept a record of who had won each bid.

Despite the fact that she was away on a cruise Dr Gina managed to bag the Chocoholic's Hamper. While Ron Gerard won the bidding on the 'Star Lot' of Dinner B&B for two at Thornleigh Hotel in Grange-over-sands, the lucky chap. Many thanks go to the Thornleigh Hotel for donating such an excellent Lot. A ride on a vintage motor cycle was very popular with two people bidding excitedly to win, so rather than disappointing the bidders Colin Kendal (Kev's Uncle) said he'd do one for each. How kind, as are the many individuals and business who gave items for the sale. Thanks to The Chocolate House in Kendal, Abracadabra, Roof Box, Laura's' Loom, the Black Bull, BBC Radio Cumbria, Backyard Blooms and Mike Hinson for gardening and sailing, Cecily Robertshaw for dog training,

Kathleen Swift for the super Christmas cake and many other kind folk who give items for the sale. Thank you very much on behalf of the PH committee.

Now to the 'Community Awards'. With votes counted the winners were:

Myles Ripley, Bill Lewis, Elspeth Griffiths, Anne and Tony Reed Screen, Adam Hopkins, Jim Atkins, Dennis Whicker, Sandy Roy, Sandra, and Steve Longlands, Bill Mandsley, Shirley and Don Smith, Judith Bush, Neil Kernahan, Andi Chapel, Stuart Manger, Mary Airey, Sue Sharrocks, Robert Lindsey and Annette Colton.

I believe there are many deserving community minded people who do a great deal for the town and district and I'm sure we will have another 'Do' in the future so when that time comes make sure you get your vote in.

It was a splendid evening greatly enjoyed by all and finished off with plenty of dancing to the music of Strawberry Fields. Lots of hard work

went into the making of the event of course and thanks go to everyone who helped out. Especially Kev Kendal for lending his expertise as an Auctioneer to raise more than £1,200 in bids. PH can add to that the bar takings and other donations made by the consistently generous folk of Sedbergh. Thank you hardly seem a big enough phrase. 

**PEOPLE'S HALL GALA NIGHT**

*Elspeth Griffiths*

The Gala Night organised by the People's Hall 13 July was enjoyed and appreciated. Thanks to all and especially to Sandra Gold Wood.

The gardens looked lovely.

The decorations were excellent and the food was delicious.

New stage curtains were admired and the lights made the Hall look beautiful.

Strawberry Fields were much appreciated and guests enjoyed the

dancing.

The auction was much enjoyed and thanks to who offered promises.

The People's Hall is so much appreciated and Sedbergh thanks the Committee who run it so efficiently and voluntarily.

### PEOPLE'S HALL NEWS

*Dr Gina Barney, Hon Secretary*

We have now completed our **health and safety** work by fitting the safety posts to the side of the Hall. The garden in front of the Hall has been maintained and further plantings have been made. It has received a number of compliments. The Parish Council have now completed their part of the garden with the help of Sedbergh School students. The collaboration between the Hall and

the Council now presents a very attractive setting for all the activities on the recreation field. The **stage and hall curtains** were fitted in June. Unfortunately, the drop of the pelmet was too long and hardly gave any headroom for tall performers. So it was sent back for shortening with Parcel Force on 24-hour delivery. It was to be fitted for the People's Hall dance on 23 June 2018. PF 'lost' it for 10 worrying days and we had to make do with stapled banquet roll! It was tracked through Preston, Coventry and Ipswich and finally made it to March, Cambridgeshire. It was shortened overnight and has now been refitted. It (and all the other curtains) were be seen by all, who attended the **Gala Evening** on 13 July.

visitors come to Sedbergh from far and wide in order to view our books. It has been a while since we have had a festival, but this is soon to be rectified. A small weekend event will take place between **Friday 5th and Sunday 7th October**. Our theme will be 'Landscape and Wellbeing', and who best to talk about this than Amanda Owen – the Yorkshire Shepherdess. She has often appeared on tv documentaries and her books are on sale at the Information Centre. The remainder of the weekend will host other local authors. Details of events will be posted nearer the time.

We know that we are a Book Town but we need to celebrate and develop our literary visibility more. Our

We residents are lucky to have such a unique asset, and should you wish to help spread the word further, do look at the Sedbergh Book Town website –

## BOOK TOWN FESTIVAL

Write a Poem or a Short Story  
Competition 2018.

*Heather Thomas*

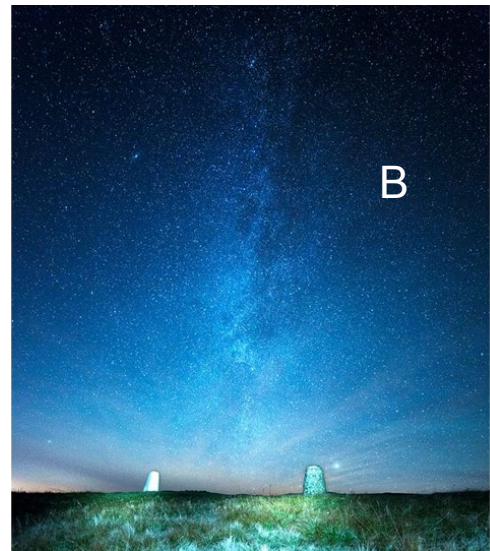

This year, as part of Sedbergh's Book Town Festival, (See Page 50) we are holding a writing competition to celebrate being a book town, our history and our countryside. This competition is open to anyone aged between 6-18 years old with a creative writing flair to submit a poem or a short story. There are three different age categories; 6-9 years, 10-14 years and 15-18 years, and each category has a prize for 1<sup>st</sup> place and a prize for highly commended. Prizes will be monetary book vouchers for Westwood Books.

To enter, all you have to do is a

fictional short story (1,000 words max word count) or a poem, based on **one** of the photographs marked A-F.. Please include your name, age, contact details and the letter of your chosen photograph on your entry. You can submit your entry by email to [sedberghbooktown@gmail.com](mailto:sedberghbooktown@gmail.com) or alternatively, you can write or print off your entry and submit it to Westwood Books. The Deadline for this competition is the 23<sup>rd</sup> of September. Please see further terms and conditions.

Marvellous weather, awesome sun sets and day after day out in the heat, or not as may be. Yet still people moan and grumble! Everything goes outside here when the kiddies come ..train track .. farm .. cars.. the problems arise at home time when they are tired and I have to do the tidy up, so if you see me playing trains on the drive .. I am tidying up ..honest.

When I was little I always got confused about read and red, mincemeat that wasn't meat, mince and mints. Once on an outing with Mum and Auntie Mary Greenbank , over near Keighly I asked mum to

get me some "mints" when they went into a shop. What I got was a tin of Mince! I often think it must be a confusing world for children until they get the hang of it all. A young friend recently wrote about the affects of being in love and how sometimes she wondered about her sanity. Things didn't always seem just OK she writes. I suggested she stops worrying about that as I have, and another person, who shall remain

Year 6 London trip

13<sup>th</sup> June 2018

*By Teagan, Vicky, Stanley & Leland.*

We left Oxenholme on the 7:25 train to Euston station. It was a very exciting and the first time some of our class had been on a train. When we arrived we were confronted by the steepest escalators leading us towards the tube. Our first challenge of the trip was to make sure that we all got on the same train to the Elephant and Castle. As we left the Elephant and Castle station, we made our way to the hostel and

efficiently dropped off our bags.

We then made our way to the Houses of Parliament. We had a great tour and had an in depth conversation with Tim Farron; some lucky pupils got to shake Tim's hand. We then stopped off for our lunch break in the park next to the Houses; a group of Pigeons kept trying to take our food.

Soon after, we went to the Science museum and tested out lots of different experiments. Next, we walked towards the Rainforest Café where we ate dinner. After that, we went on the London Eye, it was scary for some people; a stroll in the park for others. A very busy first day!

After a good night's sleep (well that's what we told the teachers), we

headed to the underground, which was very unstable, having a competition to see who could stand without holding onto the handles. We then rushed to catch the boat to Greenwich which was really fun as we saw the Tower Bridge twice. Finally, we arrived at the Cutty Sark, the inside lower deck smelt strongly of loose tea from when it was a clipper in the Victorian times.

Next we went to the Tower of London where we got to see the Imperial State Crown. We then made our way to Pizza Express which was yummy! After that, since it was such nice weather, we looked around Convent Garden and saw some magicians. We then made our way to the New London Theatre to see

SCHOOL OF ROCK – it was the best show ever!! Afterwards, we walked round Leicester Square to see the beautiful lights. Then off to bed straight away.

On our last day, most of us had to get woken up because we were so tired. However, we managed breakfast for the last time and caught the tube to St Paul's Cathedral. We all walked up lots of steps to get to the Whispering Gallery. Some people didn't go up to the Stone or Golden Gallery but the people who did saw some amazing views. After that, we went back to the hostel collected our bags and then departed for the tube for the final time, leaving Euston on the 3:30pm train. We arrived in Oxenholme at 6:08pm. The trip was over but we all had a brilliant time! 🌀

**SEDBERGH SCHOOL CHALLENGE**  
**3rd – 5th JULY**

*David Parratt*

85 Sedbergh School pupils between the ages of 13 to 17 and 15 staff were involved in Sedbergh School Challenge Week between 3rd – 5th July. In total they carried out 8 community projects in and around the

town. Details are shown below.

- Refurbishment of Play Structures in Playground - Peoples Hall Play Ground
- Queens Gardens new bench area/painting out buildings - Queens Gardens/Bowling Club
- Queens Gardens Refurb of entrance path/bench plinths - Queens Gardens
- Loftus Hill Car Park Landscaping - Loftus Hill Car Park
- Picnic area refurb - A683 Cautley
- Orchard Outdoor Education Area - Loftus Pitches

Where possible, the purchase materials and equipment were made with local businesses

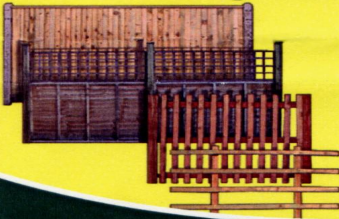

The feedback following on from the completion of these challenges has

been very positive. The boys and girls worked extremely hard, often in hot and difficult conditions and in many cases, having to deal with solid groundwork due to a lack of rain over a long period. Over 25 tons of sand, gravel and wood chippings were shifted over 3 days. They certainly deserve much praise for the amount of work and effort that has been achieved. If you have chance to see the results of the various challenges I am sure you will agree. Thanks of appreciation have been sent to the school and will also be publicised through other channels.

Thanks must also go to Simon Arnold, Head of Design & Technology at the school for project managing and co-ordinating all the challenges,

Chameleons children's drama club had been running for fifteen years. The club is for 7-11 year-olds and meets weekly during term time, from 3.30 to 5pm at St Andrew's Church.

Chameleons now needs a new volunteer leader to run the club, or else it will fold. If you enjoy drama and working with children then, maybe, this is for you!

As the summer term comes to a close, so does the athletics season. Following fantastic achievements at the district trials, Alastair Dunkinson was selected to represent South Lakes at the County Championships

at Whitehaven, finishing 7<sup>th</sup> in a strong field. Our triathlon team had a brilliant day at the County Championships, finishing 3<sup>rd</sup> overall. (We have asked for VAR on the transitions as we feel they should have won.) Cally Lawson, Sienna Middleton, Henry Hunter and Ewan Foster swam, biked and ran for their lives! Well done.

Settlebeck had another successful Sports Day, with amazing performances from all involved. Ghyll was the champion house this year, breaking Beck's 5 year reign. Individual winners were Cally Lawson, Henry Hunter, Abbi Woof and Declan Wellesley-Smith. The Andy Trull Achievement Award went to CJ Middleton and the Alison Gardner Memorial Award went to Bailey Kendall.

by the builders just under two weeks before the vital date of Speech Day. An enormous amount of work had to be put in to get the carpets, chairs, lighting etc in place in time for the Opening. During the last week of term it was also put to good use during the Sedbergh Challenge, of which more later.

Although much has been made of the official opening of the Hirst Centre with the Senior School Speech Day on the afternoon of 7<sup>th</sup> July, in fact it was "opened" by the Prep School who held their Speech Day there in the morning. At both Speech Days the proceedings were enlivened by performances. Two stood out: at the Prep School event

two little eight year olds, Julia Fielding and Daisy Hoskin, performed a LAMBA Duologue with enthusiasm and aplomb; at the Senior School Maria Holker played Rachmaninov's Prelude Op. 23 No 5 in G Minor.

As said, the official opening was in the afternoon. The invited speakers were Dicky Taylor and George Biggar, two of the four rowers who set the remarkable record rowing across the Atlantic earlier in the year. In a double act they spoke of the need to have ambition to achieve an object, to plan it meticulously and simply to put in very hard work. At the end the Sport Centre was officially opened by Christopher and Sara Hirst. The

works carried out in the local area. An area was created in the Community Orchard for teaching young children. Work was carried out improving the Sedgwick Trail at Danny (12 new marker posts and over 150 metres of gravel laid among other things). The Joss Lane car park was given a face lift. Improvements were made to the Children's Play area beside the People's Hall. Some walling was done. Clearing was done in a Dent "jungle". An overgrown churchyard at St Michael's, Nether Wasdale, was cleared. Carus and Hart Houses put on a Methodist GB "Tea and Company" afternoon. Lupton House put on a Children's party in the field in front of their House.

## GARDENING SERVICES

*John Hosker*

Some of you reading this will already know me. Some of you will know that I have been thinking about this exciting new venture for a while now. Some of you may suspect a mid life crisis. The latter group may be right, but for now, let's assume not.

I have already begun regular work providing a whole range of gardening services and am looking for more local residents who would like help with looking after their garden and outdoor spaces. I have come to realise very quickly this year that people generally know 'what they want doing' but simply cannot do it themselves due to time commitments

or other constraints.

Hopefully this is where I come in! If you or someone you know would like to discuss any aspect of potential garden work please give me a ring (please see advert elsewhere in Lookaround); I'd be happy to call round and chat.

It might be your one-off task or project. It could be a few regular hours every week weeding, pruning, cutting back, mowing, strimming, or almost anything else you need taking care of.

As part of this new venture I will also be offering basic handyman services which can either be done alongside garden work or perhaps at that time of year when there is far less work to do in our outdoor spaces.

I attended the Sedbergh Parish Council meeting on July 12<sup>th</sup> to update the local council on why Zero Waste Sedbergh exists, what it has achieved so far, and what it hopes to achieve in the coming months. I am hoping they will be fully supportive of initiatives to reduce waste in Sedbergh.

One of those initiatives is the new Sedbergh Primary School Uniform Recycling Scheme. Parents are being asked to donate unwanted school uniform at specific points in school. It will then be washed, sorted, and listed on [zerowastesedbergh.com](http://zerowastesedbergh.com) where orders can be placed, and collected from school for a small donation (proceeds to the PTFA).

I have been visiting local businesses recently, to talk to them about how they can become part of the Zero Waste community here in Sedbergh. To be honest it is the one job I had been putting off because I was nervous that folk might think I was "interfering" or telling them how to run their businesses! Well I needn't have worried. The vast majority of people were very happy to chat, and more often than not they had already started to introduce changes in order to work towards producing less waste. What an encouragement to see that we are singing from the same (recycled) hymn sheet! Details of the changes each business is making can be found, along with a

copy of the letter I dropped off, on our website: [zerowastesedbergh.com](http://zerowastesedbergh.com)

Finally, the ZWS group has got to the stage now where I do need some like-minded people to share some of the strain. If you would like to get involved, do please get in touch via the website, social media, or on 0783 3534 710

Thank you.

### **SEDBERGH COMMUNITY SWIFTS**

*Tanya & Edmund Hoare*

It has been a fantastic year for swifts, and throughout June and July they have delighted us with endless exuberant flying. The beautiful hot weather obviously suited them and after a particularly splendid evening

one person contacted us to say that *'it was just how Sedbergh used to be'*. The screaming parties too have been exciting to watch, with the swifts looking as if they are enjoying themselves, like aerial joyriders.

At our cottage in Lowgill we had several weeks of exceptional action from 'bangers', non-breeding swifts that fly up to eaves, fascia boards and gables, then dart away again, practising their technique for approaching nest sites in future years. The name derives from the sound of their wings slapping the woodwork. The swifts in the existing nest sites scream back at them, to encourage them to find a site in the vicinity, and in such a way a colony grows.

Although our swifts usually leave for Africa around 7<sup>th</sup> – 10<sup>th</sup> August, this year we expect that there will still be some around well into the month as we have witnessed some very late breeding. This was due to different sets of circumstances that we'll discuss in next month's issue.

During the first ever UK Swift Awareness Week (UKSAW from 16 – 23 June) over 90 events took place around the country. Our own Swift Celebration Evening in St Andrew's church was a great success, with an audience of around 60 people, with lots of questions and lively discussion. The displays in the church were full of information about swifts, made much more colourful by the work of the Sedbergh Primary School children to illustrate swift migration. They cut out swifts and coloured them in the colours of the flags of the African countries that they migrate through – so this was a geography lesson too. We grouped them around a large map of Africa, this can be seen on the back of this month's cover. There was plenty of time to admire this while refreshments were served, including delicious swift biscuits, kindly made and donated by Sarah M. We would

also like to thank the volunteers from Cumbria Wildlife Trust for serving, and Garsdale Design for posters.

During UKSAW the displays in Sedbergh shop windows, with swift bunting, looked terrific and we would like to thank all those who participated. The charity bookshop window had a host of books showing swifts, and the craft workshop

displayed some beautiful swift-themed items, such as glass dishes, willow weaving, jewellery and cushions. Our special swift mugs are still available from them.

Let us make the most of the weeks that our swifts are with us, and just enjoy the antics of these masters of the sky.

trees have been weeded, fed and pruned. We even have some apples this year!

Unfortunately the gate was left open and lambs quickly made their way into the orchard and nibbled all the lower branches of the trees, a great shame as it will take them a while to recover.

Thanks must go to Sedbergh School students who took on the huge challenge of creating a stump circle in the orchard. This area will make an ideal space for local children to enjoy science education as well as a great place for families to picnic.

We now also have two new compost bins and a plinth for our new bench. A huge thank you to the School for

### **CUMBRIA WILDLIFE TRUST Eycott Hill Nature Reserve**

*Dorothy Thomson*

Over 460 million years ago the area around Eycott Hill, north of the A66 near Hutton Roof, was shaped by a myriad of volcanic lava flows which

carved the landscape into a series of ridges and hollows. The swampy valleys between the ridges were a perfect habitat for wetland insects and plants. Since then there have been so many changes in vegetation through forests and more recently grassland but the lava has remained a major influence.

About fifteen years ago, Cumbria Wildlife Trust was able to buy the area to preserve it as an upland nature reserve. Eycott Hill, is now a mosaic of habitats from wetlands and flower rich meadows to moorland, hedgerows, scrub and woodland. What an amazingly rich wild life area it is.

Within the reserve is a Site of Special Scientific Interest where the

habitat gets much wetter underfoot. These wetlands that are made up of swamps and mires are very important for the site's wildlife. The botanical interest in this part of the site contributes to its SSI designation as it includes 20 sedge species and 18 species of Sphagnum moss.

Interesting flowers such as grass-of-Parnassus or 'bog star' (not really a grass) and the carnivorous round-leaved sundew are also present.

Drier parts of the site are brightened by mountain pansy, wood anemone, and the unusual flowers of mountain everlasting.

Whilst the range of flora is amazing so too is the insect and bird life. Butterflies on the site include the small pearl-bordered fritillary, orange tip, small heath, meadow brown and ringlet species. From June to September look out for the golden ringed dragonfly in particular but there are other dragonfly species. For birds the migrating wheatear can be seen from March to September and curlew, snipe, short-eared owl, meadow pipit and skylark also breed in the site.

The Trust has restored hay

meadows encouraging an even wider variety of wild flowers, while replanted hedgerows provide more nesting places for birds.

The grassland land is being traditionally grazed by hardy Luing cattle which can stay out all year round. These are owned and managed by Newton Rigg agricultural college.

Well worth a visit at any time of the year as there is always something to see. Though when it starts raining again take sensible footwear as parts of the reserve are very wet due to those lava flows which fashioned the landscape so many years ago.

There are no refreshments on the reserve but several pubs and cafes nearby. See [www.cumbriawildlifetrust.org.uk](http://www.cumbriawildlifetrust.org.uk) for directions and more information. 

### JUNE WEATHER

What a start to "flaming June"!!!! During the morning of the 1<sup>st</sup> a 10-15 minute cloudburst put down 1.57 inches (40mm) then again in the afternoon a further inch (25mm) in a similar period making over 2 ½ inches (65mm) for the day. This was as much as for the whole month last

month. Did you spot the “deliberate” mistake? I got the mm and inches the wrong way round in May. Silly Me!!!! In spite of this phenomenal start to June we went on to record 5 inches (125mm) for the month and this included 14 dry days, but not altogether or that would have been an official drought. Temperatures soared and in the sun went off the scale on my electronic system. That is 284F (140+C). Not temperatures in which to be doing any heavy work!! A high of 81.9F (29.7C) was recorded. A low of 32.2F (0.1C), only just above freezing, was recorded. I once lost baby rabbits to frost in the first week in June some years ago. It was a pretty breezy month with a maximum gust of 24.4mph (39.26kph) but only

6 days with gusts not reaching double figures. In spite of the high temperatures there were 3 nights when the wind chill got below zero.

The increased temperatures and shortage of rain meant a shortage of grass growth but glorious hay timing weather, if you are not in some scheme which prevents cutting until 15<sup>th</sup> July. This year everything will be burnt off by then. There have been fires in crops, as well as the moors. Apparently just a spark from metal on stone has been enough to start a fire with several crops being burnt down. The crows have had a bumper breeding season. I regularly have 50 to 80 drop in at feeding time. The magpies have reared 4 young nearby and have terrorised the woodpigeons

and collared doves that nest around the garden. I have seen pieces of several eggs but no young hatched. We have had some bird of prey, probably a sparrow hawk, judging by the heaps of feathers around the garden. The two blue tit nests, in boxes, successfully fledged. One got 7 away. I didn't get to count the other box. I shall have to modify it for next season so I can inspect it more closely. The swallows have 5 healthy young at present. As I write this, early July, they are ready for off. We have an odd speckled robin about. You never seem to see a group of them. Butterflies are still a rarity with the odd small white and occasional coloured, "Frenchies" as we called them as kids. I suppose that this comes from the fact that some of the coloureds e.g. Painted Ladies do come across from France. I was hopeful that the bats might have returned but the single night sighting must have been visitors. Nettles and thistles seem to have had a bumper season but I haven't seen any caterpillars as yet.

### **AUGUST GARDENING**

*Elaine Horne*

I have been watching the sad decline of one of my garden's trees over the past 3 or 4 years, and am almost relieved to see that this serious drought, coupled with the hot sunshine have finally finished the whole thing off.

I suspect that the root of the problem will be at the root, and under the lower bark of the tree. Whenever I dig in the borders anywhere at that end of the plot, I find the tell-tale

black "bootlaces" of Honey Fungus – the parasite which I have seen finish off many trees, shrubs, and even some herbaceous perennials in various places during my horticultural career.

Honey Fungus is commonly present in gardens where there are mature trees, and in land which has the remains of old stumps and roots buried in the soil. It can spread by spores, which are released by clumps of honey/beige toadstools when they appear at the base of tree trunks in early Autumn. These are carried by the wind and will germinate when they alight on the surfaces of old stumps and grow to produce a new colony. It's alternative method of

invasion is by those black “bootlaces” which are sent out from the parent plant and grow through the soil until they find a new woody plant to colonise.

Most plants will live with Honey Fungus for many years, and, as long as they have a good supply of water and food, brought to them by a healthy, large, root system, they might show few signs of the disease. Others, such as my ornamental Mountain Ash – *Sorbus* ‘Joseph Rock’, which should be showing vigorous growth, copious small leafletted leaves and cream flowers, and, by now, big bunches of yellow berries, are looking twiggy and bare with small clumps of this year’s leaves at the ends of its twigs. Poor thing! Those leaves are now all crisp and brown. When winter comes I shall remove as much of it – roots and all – as possible, to make way for something new.

As I always seem to find myself buying, or growing from cuttings, too many plants for the available space in the garden, a new planting spot will be welcome. The decision is, shall it be Rose ‘Scarlet Fire’, or a new *Viburnum x bodnantense* ‘Dawn’ – to

## 2020 (SEPTIC TANK) VISION

*Dr Gina Barney*

I was reminded recently of the 1 January 2020 deadline for obeying the Septic Tank Binding Rules. This might matter a lot if you are selling your property. Perhaps a reminder will help.

If you sell your property, you must tell the new operator (the owner or person responsible for the septic tank or small sewage treatment plant) in writing that a small sewage discharge is in place.

In most cases this information is included within property information forms that are completed as part of the conveyancing process. Information should include: a description of the treatment system and drainage system; the location of the main parts of the treatment system, drainage system and discharge point; details of any changes made to the treatment system and drainage system; details of how the treatment system and

drainage system should be maintained, and the maintenance manual (if you have one) and maintenance records (if you have them).

Discharges from septic tanks directly to a **surface water** are not allowed under the general binding rules.

*(Surface water is any water that collects on the surface of the earth. This includes oceans, seas, lakes, rivers, or wetlands.)*

If you have a septic tank that discharges directly to a **surface water** you will need to replace or upgrade your treatment system by 1 January 2020. Where properties with septic tanks that discharge directly to surface water are sold before 1 January 2020, responsibility for the replacement or upgrade of the existing treatment system should be addressed between the buyer and seller as a condition of sale.

You cannot use a soak away (designed for draining rainwater), well or borehole for discharging effluent to **ground water**. Instead you must either upgrade to a drainage field or apply for a permit so that the Environment Agency can assess the

risk of using this sort of system in your location.

*(Ground water is water that flows or seeps downward and saturates soil or rock, supplying springs and wells.)*

Remember the areas nearest to where drinking water is abstracted from **ground water** are known as Source Protection Zones 1s (SPZ1s). The minimum size for a groundwater SPZ1 for a drinking water supply is a 50m radius from the abstraction point.

This is general information, please go to the following links to check out your system

## YORKSHIRE DALES NATIONAL PARK

**Park reaches out to 'grassroots'**

*Andrew Fagg*

The Yorkshire Dales National Park Authority's annual general meeting has voted to permanently establish Parish Forums as a way of improving lines of communication between the Authority and local communities.

There are three Parish Forums – in the west, north and south of the National Park. They take place twice a year and are attended by parish councillors and senior Authority staff and Members.

The forums are designed to be 'parish-led'. Recent meetings have

seen debate on housing, planning and the new five-year programme of work set out in the draft National Park Management Plan 2019-2024.

Following a decision Taken in June, further forums will be organised for September; the dates will be published in due course.

Yorkshire Dales National Park Authority Chief Executive, David Butterworth, said: "It is good news that the Parish Forums have been cemented permanently into the Authority's work. It is essential that our Members and officers are able to hear and discuss the concerns and ideas of local communities, and Parish Councils – at their best – represent the grassroots.

"We know from an in-depth review of the Parish Forums carried out in April that the parishes that have engaged with the forums have found them to be very useful. The forums have been places of robust debate on issues such as planning policy, potential housing sites, wildlife and the challenges facing local communities.

"But at most forums, a lot of parishes simply haven't turned up. Parish councillors tend to be busy

miles east of Sedbergh town, each day between the 3<sup>rd</sup> and 5<sup>th</sup> of July. Seven Dales Volunteers, as well as seven rangers, were on hand to help and offer guidance over the three days. Two work placement students from Settlebeck School also pitched in.

By the end of the third day, a stone aggregate surface had been created on all worn sections of the route – about 250 metres in all. View point posts and additional waymarker posts were installed; steps were either constructed or repaired at several locations; and gorse was cut back.

Head of D&T at Sedbergh School, Simon Arnold, said: “Our pupils were delighted to get involved with the Sedgwick Trail project as part of

Sedbergh School’s Challenge Week. They learnt many new skills and showed true Sedbergh spirit and resilience working in the searing heat. I am very proud of all that they achieved.”

Yorkshire Dales National Park Authority Area Ranger, Paul Wilkinson, said: “Despite the very hot conditions, a great deal was achieved. It was a beautiful location, with views west to the Howgill Fells and east into Garsdale. All the rangers and Dales Volunteers said it was a pleasure to work with the students and staff of Sedbergh School.”

arranging a start date.

The contractors picked from a large field, are Sports Surfacing Solutions. They are a specialist firm, and have worked for other clubs in the county, who give them good references.

The current plan is to start work during the week commencing Monday 20 August, with the project lasting up to five weeks.

The good news is that we will end up with a smart modern surface, looking much better and playing better too. Whether you play tennis or just live here, it will be a real asset for this part of Sedbergh.

But there will be some inevitable disruption.

While they are here, the workforce will need most if not all of the car park, so everyone will have to park elsewhere. There was a similar issue when the Two Castles homes were being completed, and it seemed to go fairly smoothly, so the club hopes those who use the car park will be patient.

We are of course enormously grateful to Sport England, the Hadfield Trust, Sedbergh Community Trust, Sedbergh Parish Council, and

the foresight of tennis club members over the years in making sure the money is there to do what, for a small club like ours, is a significant project.

*For the benefit of advertisers, the following information will assist you.*

If you wish to place an Advert in Lookaround, please include the correct money or cheque with the details & place it in the Post Box. A receipt will be issued & left in the Lookaround Tray in the Office for collection or include a SAE.

Our distribution area is the LA10 Postal District which is Sedbergh & the surrounding villages, but it is sent all round the country & the world.

We are published on the 1st of every month (except January).

February to November is printed black ink on white. The December/January issue is in full colour. All copies have a full colour cover to indicate a new issue & photographs are requested from our readers who will be credited.

We do not have whole page adverts but will allow two half page adverts opposite each other.

The Front Page is given priority to Event Adverts relevant for the appropriate month.

You can supply the information & we can create an advert for you. You can supply an example in hard copy & we will reproduce it (please mention if a particular Font is required). You can

supply an original using Microsoft Publisher, a Word, a jpg (preferred) or as a PDF (*although the quality is reduced when importing it*).

If you order numerous adverts, the content can be the same every month or it can change if you are seasonal.

The closing date for everything is 15th of every month.

Advertising rates have been updated: December 1991, December 1995, March 1997 & August 1999 (*Over 18 years ago.*)

### **PERSONAL MESSAGES**

These are £1 each & are for sending Good Wishes, Thank You's, Birthday Greetings, Anniversaries & any other celebration or congratulation. You may also sell personal items - not on a business basis, & also make an appeal for wanted items.

***Details with respect to people Passing Away are inserted for free.***

Please submit legible writing as many mistakes have been made in the past due to not being able to read the text properly.

### **GROUPS AND ORGANISATIONS**

Any organisation that charges an admission, sells items or requires a donation from the public for anything at their event & wishes to include details in *The Lookaround*, are requested to place an Advert with us. This can be supported by text which cannot all be included in the advert. Any report *after* the Event is free. The request for payment for an Advert is to assist with financing *The Lookaround* which has a large printing expense every month. We feel that the Advertising Rates are

very reasonable (for the last 18 years). All Adverts for Events automatically have the details entered into the Diary Page at the rear of *The Lookaround*. If organisations do not wish to Advertise with us, details of the Event will still appear on the Diary Page, but no text will be inserted.

### **BUSINESSES**

Adverts for the Rent or Sale of property are not Personals & can only be included as a boxed Advert.

If you are a new advertiser in *Lookaround* & you order 3 or more adverts, you will receive one free advert & can also include some text explaining who you are, what you are, where you are, etc (which can not all go into an advert) up to about 550 words for free.

If you have more than 3 months of advertising, we will automatically send a renewal reminder should you wish to continue. If you order 10 months, we give you one free (making one whole year).

We respectfully request payment with ordering. Please make cheques payable to "Sedbergh & District *Lookaround*".

Payments by BACS can also be made.

**This account is valid from June 2017.**

Account:	Lookaround
Account Number:	90931551
Code:	20-45-45
Reference:	Invoice Number, your name or reference.

***CAN YOU PLEASE INCLUDE THE INVOICE NUMBER WHEN PAYING***

*(Continued on page 87)*

**BY BACS?**

**CHILDREN'S BIRTHDAYS**

Children's Birthdays are included free on the Birthday Page until their 11th Birthday.

Every month, a randomly selected child will receive a £10 Gift Voucher to be used in Sedbergh or Dent from Lookaround who will receive it by post. For this reason, we require the postal address of each child. If we have no address, they are unable to receive it.

If anyone or any business would like to Sponsor the Birthday Voucher, please contact us. Full credit will be given.

**COVER PICTURES**

If you have any suitable pictures to go onto the Cover of Lookaround, please send a High Quality copy with the location and your name and you will be credited. Please remember that the picture will be split into two by the Spine so try and get a picture of two halves.
